

# LEGACY

Proudly displaying USA pride in every piece we build

This exquisite collection of bedroom furniture is inspired from a prosperity achieved in 19th century England, which was a time of prosperity and luxury. The world powers were in the beginning stages of an industrial revolution and furniture was going through the Renaissance revival era where furniture craftsmen were relying on styles of the past like Sheraton, Hepplewhite, and Queen Anne styles.

It was a time where classic functionalism mingled with classic out-lines to form styles with rich finish and superior craftsmanship.
