

NEW GENERATIONS

Proudly displaying USA pride in every piece we build

The New Generations Collection is our way of saying that we are proud of the revived emphasis the consumer has in American Craftsmanship. Hand carved antique design accents adorn the beds and armoire. Skillfully rounded, fluted pilasters, 'pineapple' twisted foot design, and artfully carved molding are details that the industry gave to the far east decades ago because of the belief that "this detail just can't be done in the USA anymore." We are proud to change this perception with this Solid Cherry collection featuring a hand glazed lightly distress burnished finish that provides a stunning aged look. Our own solid brass aged hardware makes this reproduction look as if you were walking into an 18th century manor. You will appreciate our handcrafted artistry. The New Generations Collection is our way of showing our USA pride in each piece we make.
