About us

Yutzy Woodworking started with a dream. A dream to run a business based on Amish principles— humility, family and community. Today Yutzy Woodworking includes the second generation running the business alongside the first, with the same principles, but yet expanding to meet future dreams. With the traditional Amish furniture combined with second generation dreams you will find quality American made furniture you will fall in love with for years to come.

Yutzy Woodworking is dedicated to customer satisfaction, which means we focus on superior

customer service. With the best sales team and customer service, we are here to serve the needs of our customers. While bringing new trends into our product offering we also maintain the stability and dependability of tradition. Tradition not just in our product offering, but also in our customer service—you won't get a machine when you call—you will get a person who is here to serve you.
